

# EUCASS-3AF Conference

**Warning: modification of congress dates!**

**June 27<sup>th</sup> - July 1<sup>st</sup>, 2022**

**Lille Grand Palais (France)**

Dear aerospace colleague,

Following the recent decision of the organizers of the Tour de France to pass the race through Lille on July 6th, 2022, we must modify the dates of the congress to avoid this period of hotel saturation.

EUCASS 2022 will therefore take place from **Monday, June 27th to Friday, July 1st, 2022**

Monday, June 27th will be dedicated to technical visits; sessions will start on Tuesday, June 28th to Friday, July 1st.

Sorry for this inconvenience but the coincidence with the Tour de France would have made the accommodation very problematic.

Please don't delay your registration too late, Lille is a touristic stopover for people travelling from the north of Europe to the Mediterranean at the start of the holiday.

**If you hadn't submitted a paper, you are invited to send us a 500-word abstract by the deadline of January 15th, 2022 ([submit here](#)).**

In case you already submitted a paper, you have the possibility to maintain, modify, update or withdraw.

You may of course also submit a novel abstract on a different topic. To proceed, just log on your [profile page](#) (you needn't fill in a new submission form), with your last name and your reference.

Authors of accepted abstracts will be invited to prepare a full 10-15-page paper and submit it before the deadline of June 20th, 2022.

To submit your contribution, just follow the instructions given [here](#).

**The new deadlines are:**

**January 15<sup>th</sup>, 2022: Deadline to submit or modify an existing submission**

March 22<sup>nd</sup>, 2022: Notification to authors

By mid-April 2022: Preliminary program elaborated and published online

May 28<sup>th</sup>, 2022: Early bird fee deadline
